COLLECTIONS of Paul J.M. Maas and T. Plowman

COLOMBIA: Dept. Cundinamarca
Estacion de Peaje, near Soacha on road to Silvania. Alt. 2450 m.
10 Oct 1974

Maas & Plowman 1807. GH (2) MO

Solanum lycioides L.
det. D. Hunziker 1976.
Open roadside. Branched shrub 1.5 m. Fls. deep violet. Frs. orange.

COLOMBIA: Dept. Tolima
Hacienda Cocuita, entre Melgar and Carmen de Apicala. Rio Sumapaz.

1808 Rhipsalis.

GH (4)

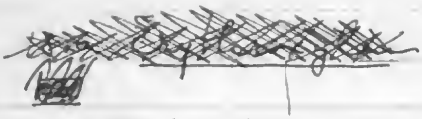
Hanging epiphyte. Frs. reddish. Fls. white

1809.

(2)

Vine 3 m. Corolla tube greenish white turning pale yellow. limb yellow-green, turning yellow. Calyx pale yellowish-creamy. Frr. green with 7 undulate ribs.

N.B. 3754. Erythroxylum sp. nov. - in flower (one old fruit).
3765. E. hondense in young fruit - beginning of wet season 2 floweringS.



Colombia: Dept. Tolima.
25 km. east of Cajamarca on road to Ibague. Alt. 1200 m.
Forest remnant along Quebrada.

1810. Maranta aff. arundinacea L.
(6). det H. Kennedy 75
Scandent herb 2 m. tall.
Fls. white. Frs. light green.

1811. Peperomia
(2)
Herb, succulent reddish
Stems + petioles. Spikes creamy
white

1812. Adiantum polyphyllum Willd.
GH (6) det K.U. Kramer 1975
Spores Herb 1 m. ~~with~~

#

1813. Renealmia occidentalis (Sw.) Sweet
(4) var. occidentalis
Herb 3 m tall. det Maas.

1814. Heliconia mutisiana Cuatrecasas
GH (12)
seed Herb 3 m tall. Infl. pendant bracts distichous, red, covered with white hairs, rachis red with white hairs, bracteoles & pedicels yellow fls. yellow, fr. green → blue. Petiole 40-70 cm. lamina 140-170 × 22-28 cm.

1815. Selaginella sp.
GH (3) Herb on rock.

1816. Heliconia latispatha
(2)
Herb 3 m. tall, bracts orange, rachis greenish orange, fr. green. Fls. greenish yellow. Petiole 55 cm. lamina 90-110 × 25 cm.

1817. Philodendron
GH (2) Vine growing on rocks in stream.
Spathe green.
Tree-Wiemer 1981!
SEL 58-75-30

COLOMBIA. ~~CAUCA~~. TOLIMA.
18 km. East of Cajamarca on road to Ibagué. 1600 m.
Rocky Quebrada. Forest remnants.
1 Oct 74

1818. Anthurium

GH

Vine on dead log over creek.
Spathe & spadix green. Frs.
white.

1819. Piper aequale Vahl s.l.

GH (5)

Shrub 3 m. tall. det. Burger 1981.

1820. Loasa triphylla Juss. var. papaverifolia (HBK) Urb. + Gilg

(4) Herb 0.5–1 m. tall. Calyx
GH green, corolla white. Corona
yellow with red apex.
det Maas 1974.

~~GH Heliconia~~

~~Herb to 1 m.~~

— Cuatresia cuspidata A.T. Hunz.
TYPE NUMBER

COLOMBIA: DEPTO. QUINDIO.
Calarcá. Elev. 1500 m.
Secondary forest above pueblo
(road to Ibagué). 1 Oct 74

1821. Heliconia griggsiana Idrobo & L.B. Smith
GH seed
Herb ca. 6 m. tall, forming dense stands on forest margin. Petiole 60-80 cm. Lamina 160-180 x 45 cm, costa reddish, stems & lower leaf-side pruinose. Bracts distichous, pruinose, rachis red; fls. orange-yellow, pedicels & ovary pale yellow

1822. Dieffenbachia segnine
GH (3) det T. Croat 1975.
Herb to 1 m. tall. Spathe light green. Frs. yellow-green. Odor of skunk (strong).

1823 Witheringia coccoloboides (Dammer) Hunz.
~~Gyptomandra~~ det. A. Child 1975.
GH (3)
cuttings to Lester
Nearly unbranched shrub to 1.5 m. tall. Fls. pale yellow.

COLOMBIA: Dept. El Valle.
Rio Nima above Trejo. 1850 m.
20 Oct 1974. forest.

1824. Siparuna
GTH (4)
Tree 6 m. tall. Calyx orange.
Ovary pale green. Forest edge.

1825. Solanum tetropetalum Rusby
GH det. A. Child 1975.
MO
seed Creeping, prostrate vine on rotten log. Fls. white. Fr. red orange.
